of the Law.*

Announcement.

Every individual is constantly needing formulas or recipes of some kind; we all need them; we all use them. It therefore affords us great pleasure to present to our friends a copy of this valuable book of formulas to which they can turn at any time and find just what they want.

Each formula brought to this store is compounded with the greatest care and accuracy by a registered pharmacist. We make a specialty of Physicians' prescriptions and never substitute a different medicine in your prescription for one which your physician prescribes. It is filled just as it is written or not filled at all.

This book does not contain remedies or medicines for people to take internally. Persons who have never studied medicine are not capable of diagnosing their troubles or treating themselves. When sick and requiring internal treatment they should consult their physician.

Some years may elapse before you are sick and need internal remedies but the formulas contained herein are such that every individual will have occasion to use constantly. It is hardly probable that you can look through this book any week of the year but what you will find some formula you desire.

When getting a formula filled it is not necessary to bring the book or copy the formula; simply call at our store for the number only, and it will be compounded from the book which we keep on our prescription case.

C. W. MOODY, Druggist

Introductory

Many medical books have been sold throughout the country, but they prove of little benefit to the homes as it seems to be their aim to displace the Physicians by attempting to treat all kinds of complicated diseases. They omit the simple and useful formulas which the public can use, and take up hundreds of pages discussing ailments you know nothing about and which need a physician's services. This is a ready reference book and the formulas are such that may be used with benefit by persons who are not versed in medicine.

It therefore is not intended that this book take the place of your physician nor could it serve such a purpose, as no formula given herein is for a person to use internally. They are for such troubles as are repeatedly coming up in every family but are not considered serious enough to call for services of a physician. It is hoped this book will receive that high appreciation in your hands of which it is worthy.

THE FORMULARY

No. 1.

VANISHING COLD CREAM. (Non-Greasy.)

Sodium Carbonate.....
Water
Glycerine
Stearic Acid.....
Witch Hazel Water.....
Perfume q. s. if desired.

Price, 25 Cents.

Dissolve the sodium carbonate in the water, add the glycerine, warm and add the stearic acid. Heat near boiling point until the liquid becomes perfectly clear and maintain heat for one hour, stirring frequently and adding water occasionally to keep up the volume. Transfer to hot mortar, add the witch hazel water and beat with an egg beater to the proper consistence. Let stand till thoroughly set, then put in ointment pots.

A most excellent cream, splendid to keep the skin soft and smooth. May be used wherever a cold cream is needed.

No. 2.

SKIN FOOD MASSAGE CREAM.

Casein, Dried.....
Boric Acid.....
Glycerine
Cocoa Butter.....
Carmine Solution, N. F., q. s. to color.
Oil of Bitter Almond, q. s.

Rub the solution of carmine into the casein till the desired shade is obtained, then add the boric acid. Rub in the glycerine till a smooth paste is produced, incorporate the cocoa butter, first melted, and finally the perfume.

Price, 25 Cents.

The above is a thoroughly satisfactory cream, of a type very popular at present. It is to be thoroughly rubbed into the skin, and the rubbing continued until the skin is soft, smooth and non-greasy.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 3.

COMPLEXION BEAUTIFIER. (Cucumber Lotion).

Resorcin
Magnesium Sulphate.....
Zinc Sulphocarbonate.....
Glycerine
Perfume Extract (any favorite).
Mucilage Quince (1:16).....
Rose or Orange Flower Water to make
Mix, filter, color green, and add
Cucumber Juice

Price, 25 Cents.

A very popular and successful article.

No. 4.

WRINKLES, TO PREVENT AND REMOVE.

Glycerine
Tannin
Alcohol
Water
Use as a wash three times daily.

Price, 25 Cents.

Wrinkles caused by facial contractions cannot be removed while their cause continues in operation. Withering and puckering of the skin, the result of years, may be relieved by the above. The treatment is materially assisted by the systematic use of a good massage cream, face or cold cream. See these titles.

No. 5.

FACE LOTION, GRECIAN.

Mucilage of Irish Moss.....
Carbolic Acid.....
Glycerine
Rose (or other) Perfume.

Price, 25 Cents.

A popular application for the face, lips, hands, etc. Makes the skin soft and prevents chapping.

THE FORMULARY

No. 6.

FACE BLEACH.

Mercury Bichloride.....
Calomel.....
Cologne Spirit.....
Glycerine.....
Essence Bitter Almonds.....
Water.....

Shake well before applying.

Price, 25 Cents.

Is very similar to the well-known Madame Ruppert's Face Bleach. It should be used with caution and judgment. Never applied to raw or broken skin. Apply night and morning with a cloth or small sponge.

No. 7.

COMPLEXION POWDER.

Powdered Orris.....
Powdered Talc.....
Corn Starch.....
Rice Flour.....
Extract Jasmine.....
Extract Cassia.....

Price, 25 Cents.

Use best of materials; mix thoroughly and pass through very fine (No. 100) sieve or bolting cloth. Other perfume may be substituted if desired, and the powder may be colored with carmine (in ammonia) if wished. A superfine product which always gives satisfaction.

No. 8.

NURSERY POWDER (For Chafing).

Oxide Zinc.....
Precipitated Chalk.....
Kieselguhr (Infusorial Earth)...
Camphor.....
Carbolic Acid.....
Oil Eucalyptus.....
Oil Rose Geranium.....

Rub the camphor with a little alcohol in a mortar, and incorporate it and the oils with the powders. Sift through 100 mesh sieve.

Price, 25 Cents.

Invaluable for curing chafing in children. Apply dry, after washing the affected parts with castile soap.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 9.

ROSE LIP SALVE.

Cocoa Butter.....
Petrolatum.....
Paraffin.....
Eosin, q. s.
Oil Rose, q. s.

Melt the fats, add desired amount of the color and perfume (dissolved in alcohol) and stir till cold.

Price, 25 Cents.

Imparts a rose color to the lips, prevents chapping and is agreeable to use.

No. 10.

FINGER NAIL BLEACH.

Diluted Sulphuric Acid.....
Tincture Myrrh.....
Lavender Water.....
Water to make.....

Price, 25 Cents.

To whiten the nails and harden the cuticle dip the tips of the fingers, after washing, in this lotion, holding them there several minutes.

No. 11.

FINGER NAIL POLISH.

Tin Oxide.....
Prepared Chalk.....
Precipitated Silica.....

Perfume to suit and color with solution of carmine.

Price, 25 Cents.

After the use of the polish, a higher "finish" may be imparted by friction with a soft leather.

THE FORMULARY

No. 12.

FINGER NAIL ENAMEL.

Paraffin
Chloroform
Oil Rose.....

Price, 25 Cents.

Use this enamel with a camel's hair pencil.

No. 13.

CHAPPED HANDS.

Rose Water.....
Tincture Benzoin Compound.....
Alcohol
Glycerine to make.....
Mix.

Price, 25 Cents.

Wash the hands in warm water, thoroughly dry them. Apply the lotion and rub it in. Soft and soothing to the skin; makes the hands white; prevents tan and sunburn.

No. 14.

ROUGH HANDS AND FACE. (Milk of Roses.)

Almonds, Blanched.....
Rose Water.....
White Wax.....
Almond Oil.....
White Castile Soap.....
Honey
Cologne
Oil Bitter Almonds.....
Oil Rose Geranium.....
Glycerine

Price, 35 Cents.

Blanch the almonds and beat to a paste, adding the rose water; heat this to about 212°, and incorporate with the white wax, almond oil and soap melted together, then add the other ingredients.

This creamy mixture is generally called Milk of Roses. After washing the hands with warm water and castile soap, apply Milk of Roses, rubbing it in thoroughly, then wipe the hands with dry towel.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 15.

TAN AND SUNBURN.

Ammoniated Mercury.....
Subnitrate Bismuth.....
Glycerine Ointment or Cold Cream
Perfume q. s.

Apply to parts affected, rubbing well, twice daily.

Price, 25 Cents.

Too much can not be said in favor of this formula. It will relieve tan and sunburn quickly, and is excellent for the skin and complexion. Splendid bleach for the face. Do not use this on raw or blistered surface.

No. 16.

CAMPHOR ICE.

Camphor
White Wax.....
Castor Oil.....
Spermaceti
Carbolic Acid.....
Oil Bitter Almonds.....
Benzoic Acid.....

Price, 25 Cents.

Camphor ice should be in every household, in the winter especially. Its application is very beneficial for chilblains, chaps, sores, cuts, etc., and is pleasant and soothing.

The above preparation is selected after careful experiment with hundreds of combinations. There is no better formula.

No. 17.

INFLAMED OR ROUGH SKIN.

Boracic Acid.....
Distilled Extract Witch Hazel...
Rose Water.....

Price, 20 Cents.

Apply this lotion once or twice daily. When dry, follow with a good cold cream or massage cream.

THE FORMULARY

No. 18.

REDNESS AND IRRITATION OF NOSE.

Ointment Zinc.....
Rice Flour.....
Sulphur.....
Oil Rose.....

Price, 25 Cents.

Curative of irritations and cracks about the nose, and is of great assistance in the treatment of red nose, so embarrassing.

No. 19.

LOTION FOR USE AFTER SHAVING.

Tragacanth.....
Water (warm).....
Menthol.....
Glycerine.....
Alcohol.....

Price, 25 Cents.

Soak the tragacanth in the water until dissolved; dissolve the menthol in the alcohol; add the glycerine, and add all to the tragacanth solution. A cooling, healing application to the face after shaving.

No. 20.

TOOTH POWDER.

Terra Alba.....
Powdered Orris.....
Powdered Soap.....
Carbolic Acid.....
Camphor.....
Oil Rose.....
Solution Carmine, q. s. to color.

Price, 20 Cents.

A most satisfactory powder; not gritty; antiseptic and possessing superior cleansing and polishing properties.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 21.

CHARCOAL TOOTH POWDER.

Orris Root.....
Willow Charcoal.....
Myrrh.....
Cinchona.....

Price, 25 Cents.

All in fine powder and thoroughly mixed. Use with the tooth brush in the customary manner.

An old fashioned powder; a favorite with believers in the cleansing, purifying and deodorizing properties of charcoal.

No 22.

TOOTH WASH.

Castile Soap (shavings).....
Water (warm).....
Glycerine.....
Dissolve and add
Alcohol.....
Oil Peppermint.....
Oil Wintergreen.....
Oil Cloves.....
Tincture Myrrh.....

Price, 20 Cents.

A pleasant and refreshing tooth wash which becomes popular after it is once tried.

No. 23.

WASH FOR TEETH AND GUMS.

Tincture Myrrh.....
Thymol.....
Borax.....
Sandalwood, q. s. to color.
Oil Cloves.....
Oil Cinnamon.....
Zinc Chloride.....
Diluted Alcohol.....

Price, 20 Cents.

An antiseptic and cleansing tooth and mouth wash; excellent for sore, spongy and bleeding gums.

No. 24.

ANTISEPTIC MOUTH WASH.

Betanaphthol
Sodium Perborate.....
Peppermint Water.....
Boiling Water to make.....

Price, 20 Cents.

A modern formula, found very satisfactory. Rinse the mouth thoroughly as desired.

No. 25.

FOUL BREATH.

Chlorinated Lime.....
Oil Rose.....
Alcohol
Water

Price, 25 Cents.

Teaspoonful in a glass of water as a mouth wash. Do not swallow.

Bad breath is a result of some digestive derangement or decayed teeth. Until the cause is removed, only a palliation of the trouble can be expected.

No. 26.

ANTISEPTIC LIQUID.

Potassium bicarbonate.....
Sodium Benzoate
Sodium Borate.....
Thymol
Eucalyptol
Oil Peppermint.....
Oil of Gaultheria.....
Tincture of Cudbear.....
Alcohol
Glycerine
Purified Talc.....
Water, enough to make.....

Dissolve the salts in 19 ounces of water, and the thymol, eucalyptol and oils in the alcohol. Mix the alcoholic solution with the glycerine and the tincture of cudbear, add the solution of the salts and enough water to make 2 pints. Add the purified talc and shake occasionally, then filter, returning the first portions until the filtrate passes brilliantly clear. Use diluted with four or five times its volume with warm water.

Price, 25 Cents.

A general antiseptic, indispensable to a complete toilet. Used as a gargle, mouth wash, etc. Small quantity may be swallowed with benefit.

The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 27.

FLORIDA WATER.

Oil Bergamot
Oil Lemon
Oil Orange Peel.....
Oil Lavender
Oil Cloves
Oil Cinnamon
Oil Neroli
Water
Alcohol

Price, 35 Cents.

A popular toilet specialty, equal to any proprietary brand. To be used freely after the bath.

No. 28.

LAVENDER TOILET WATER.

Oil Lavender
Oil Bergamot
Oil Lemon
Oil Cloves
Oil Rose
Extract Musk.....
Extract Ambergris.....
Alcohol

Price, 35 Cents.

An exceptionally strong and fragrant article.

Use freely on face and hands after the bath, and in atomizer as desired. The fragrance is delicious and most refreshing.

No. 29.

COLOGNE WATER.

Tincture Benzoin.....
Oil Orange (sweet).....
Oil Bergamot
Oil Lavender Flowers.....
Oil Origanum
Oil Lemon
Oil Petitgrain

Mix and age.

Take of the above cologne mixture
Tincture Musk (artificial).....
Alcohol
Stronger Orange Flower Water..

Mix and filter through talcum.

Price, 35 Cents.

A superior cologne. Refreshing after the bath and after shaving. Indispensable to a satisfactory toilet.

THE FORMULARY

No. 30.

BATH POWDER.

Sodium Bicarbonate.....
Tartaric Acid.....
Starch

To each pound of this mixture add a fluid dram or more of the following perfume combination:

Oil Lavender Flowers.....
Oil Rosemary,
Oil Bergamot,
Oil Lemon,
Oil Cloves

Price, 25 Cents.

A few spoonfuls of the above powder stirred into a bathtub of water causes copious liberation of carbon dioxide gas, refreshing to the skin. The perfume adds to the enjoyment of the bath, and the powder itself possesses splendid cleansing properties.

No. 31.

QUININE HAIR TONIC.

Quinine Sulphate.....
Resorcinol,
Fluidextract Jaborandi.....
Cologne Spirit.....
Glycerine,
Bay Rum.....
Sage Tea.....
Tincture Cantharides.....
Rose Water.....

Mix and filter.

Price, 35 Cents.

This tonic has no superior. It stimulates the hair, promotes growth, removes dandruff. Rub well into the scalp two or three times a week. If scalp or hair is inclined to be oily, omit the glycerine.

No. 32.

CINCHONA HAIR TONIC.

Fluidextract Cinchona.....
Tincture Cantharides,
Glycerine,
Bay Rum.....
Rose Water to make.....

Price, 35 Cents.

An exceptionally effective tonic. Imparts glossiness to the hair, stimulates the scalp, and prevents the hair from falling out.

Apply thoroughly, rubbing well in, every three or four days.

☛ The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulæ can be filled only at our store.

No. 33.

BALDNESS.

Tincture Jaborandi.....
Soap Liniment.....
Cologne Water.....

Price, 35 Cents.

If the hair has entirely fallen out and the scalp is left smooth and shiny, there is little hope of bringing back the hair, as the hair follicles or glands have lost their functioning power. Much, however, may be done to prevent farther loss of hair and to stimulate the existing hair to more vigorous growth. At the first sign of falling hair, apply the above lotion, with thorough friction to the scalp and hair.

No. 34.

HAIR RESTORER.

Castor Oil.....
Linseed Oil,
Tincture Cantharides.....
Alcohol,
Oil Bergamot,
Oil Lemon,
Oil Cloves,
Oil Neroli

Mix the fat oils and dissolve in the alcohol, add the tincture and the perfumes, and color with cochineal tincture.

Price, 35 Cents.

Apply to the roots of the hair, rubbing in thoroughly night and morning. The treatment may be alternated with the use of Quinine Hair Tonic.

No. 35.

FALLING OF THE HAIR.

Tincture of Jaborandi.....
Lanolin,
Glycerine

Mix by the aid of a little soft soap.

Price, 35 Cents.

A little to be rubbed into scalp every night. Supplement the treatment by the use of Quinine Hair Tonic, which stimulates and invigorates the hair glands.

THE FORMULARY

No. 36.

SHAMPOO LIQUID.

Ammonium Carbonate.....
 Borax
 Salts Tartar.....
 Water
 White Castile Soap.....
 Dissolve and add.
 Glycerine
 Jamaica (or Bay) Rum.....
 Water
 Mix.

Price, 35 Cents.

Thoroughly cleanses the scalp and leaves the hair shining and healthy.

No. 37.

SEA FOAM.

Potassium Carbonate.....
 Powdered Castile Soap.....
 Water
 Tincture Soap Bark.....
 Oil Bay.....
 Alcohol to make.....

Price, 25 Cents.

Apply liberally to the hair and scalp; rub to a profuse lather; rinse off thoroughly with warm water. Finally apply Quinine Hair Tonic or other good tonic.

No. 38.

WASH FOR DANDRUFF.

Chloral Hydrate.....
 Tannin
 Resorcin
 Tincture Cantharides.....
 Glycerine
 Bay Rum.....
 Water to make.....

Price, 35 Cents.

This wash possesses curative, cleansing and stimulating properties. The hair should be washed with soap and water, well rinsed and then this wash be thoroughly rubbed in to the scalp, two or three times a week.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 39.

HAIR OIL.

Castor Oil
 Alcohol
 Oil Rosemary
 Oil Sweet Marjoram.....
 Oil Neroli
 Oil Rose
 Oil Nutmeg
 Alkanet to color.....

Price, 25 Cents.

Two or three drams of tincture cantharides may be added if it is desired to add stimulating properties.

Before applying this oil, the hair should be well washed and rinsed.

No. 40.

TO CURL THE HAIR (Liquid).

Alum
 Borax
 Glucose
 Water to make.....

Perfume and color if desired.

Price, 25 Cents.

Moisten the hair with the liquid, put up the hair loosely, over curling pins if wished, and allow to dry.

No. 41.

TO CURL THE HAIR (Powder).

Borax (Powdered).....
 Gum Arabic (Powdered).....

Mix thoroughly, and divide into six packets.

Price, 25 Cents.

To use, dissolve contents of one packet in a teacupful of hot water, moisten the hair with the solution and proceed as in No. 40.

No. 42.

BLACK-HEADS.

Thymol
Boric Acid
Extract Witch Hazel.....
Rose Water.....
Alcohol

Price, 25 Cents.

Apply freely to affected parts.

No. 43.

FRECKLES.

Sulphocarbonate of Zinc.....
Glycerine
Alcohol
Orange Flower Water.....
Rose Water.....

Price, 25 Cents.

Use this lotion morning and evening.

No. 44.

FRECKLE OINTMENT.

Oleate of Copper.....
Ointment Oxide of Zinc.....

Price, 25 Cents.

Rub into the spots night and morning.

No. 45.

PIMPLE LOTION.

Solution Hydrogen Peroxide.....
Vaseline
Lanolin, Anhydrous.....
Acetic Acid.....

Mix and perfume.

Price, 25 Cents.

Apply night and morning.

It is important, in the treatment of pimples, or any skin affection, that the general system be in a healthy condition. A tonic of some sort is advisable to supplement the local treatment.

No. 46.

MOISTURE OF THE HANDS.

Salicylic Acid.....
Zinc Carbonate.....

Mix thoroughly.

Price, 25 Cents.

Dust frequently over the surface.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 47.

PERSPIRATION POWDER.

Zinc Oleate.....
Powdered Starch.....
Salicylic Acid.....

Apply freely under the arms, to the neck, and other affected parts.

Price, 20 Cents.

The preparations recommended under the heading Perspiring Feet are excellent for excessive or annoying perspiration on any part of the body.

No. 48.

WARTS.

Resorcin
Salicylic Acid.....
Lactic Acid.....
Flexible Collodion.....
Ether

Price, 25 Cents.

Apply with a camel's hair brush repeatedly for several days.

No. 49.

TENDER FEET.

Salicylic Acid.....
Boracic Acid.....
Talcum

Price, 20 Cents.

Sift into the shoes daily.

The above is also an excellent dusting powder for the armpits in cases of excessive perspiration.

No. 50.

PERSPIRING FEET (Powder).

Talcum
Salicylic Acid.....
Alum
Starch
Oil Bergamot.....
Alcohol

Thoroughly mix.

Price, 20 Cents.

Sprinkle into the shoes daily.

The above, in powder form, is a very effective remedy.

THE FORMULARY

No. 51.

PERSPIRING FEET.

(Liquid).

Lead Acetate.....
Vinegar
Methylated Spirit.....
Water to make.....

Price, 20 Cents.

Apply as a lotion.

No. 52.

CORN SALVE.

Venice Turpentine.....
Yellow Wax.....
Rosin
Salicylic Acid.....
Balsam Peru.....
Petrolatum

Melt all together and stir till cold.

Price, 20 Cents.

Spread a small amount on a patch of muslin and apply to the corn. Allow to remain, or repeat the treatment for three or four nights. Then soak the feet for 15 minutes in water as hot as can be borne, when the corn can be easily removed.

No. 53.

LIQUID CORN CURE.

Salicylic Acid.....
Extract Cannabis Indica.....
Tincture Iodine.....
Collodion, to make.....

The above is an improvement on the most popular corn cure.

Price, 20 Cents.

Apply with a camel's hair brush to the corn morning and night for several days. The corn may then be removed by soaking it in warm water.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 54.

THICK SKIN AND CALLOUSES ON HANDS AND FEET.

Salicylic Acid.....
Petrolatum

Apply to callous spot with a soft cloth and rub in thoroughly.

Price, 20 Cents.

The liquid corn cure No. 53 applied to the callous spot is also effective.

No. 55.

BURNS AND SCALDS.

Oil Geranium
Oil Verbena
Oil Thyme
Oil Origanum
Sodium Betanaphtholate
White Petrolatum

A mixture which should always be kept on hand for immediate application.

Price, 35 Cents.

The above is the newest thing in the way of a salve for application to burns.

No. 56.

EAR DROPS.

Olive Oil.....
Camphorated Oil.....
Oil Cajuput
Oil Sassafras
Ether

Price, 25 Cents.

Five to ten drops on cotton to be placed in the ear, renewed as necessary.

A very soothing application in earache, especially in children. Should be always on hand.

THE FORMULARY

No. 57.

TOOTHACHE DROPS.

Carbolic Acid.....
Oil Camphor.....
Oil Peppermint.....
Oil Cloves.....
Chloroform.....
Creosote.....

Price, 25 Cents.

Soak a pledget of cotton in this solution and place it in the aching tooth. This combination has been aptly termed "Neverfail Toothache Oil."

No. 58.

CATARRH JELLY.

Menthol.....
Carbolic Acid.....
Oil Eucalyptus.....
Oil Pine-needles.....
White Petrolatum.....

Melt the petrolatum at gentle heat, dissolve the menthol and carbolic acid in the oils, add to the petrolatum and incorporate thoroughly.

Price, 20 Cents.

A small portion of this ointment placed up each nostril several times a day gives great relief in cases of nasal catarrh.

No. 59.

THROAT GARGLE.

Tincture Iodine.....
Potassium Iodide.....
Alcohol.....
Water to make.....

Price, 25 Cents.

Teaspoonful in fourth glass of water and gargle three times daily.

This is one of the latest and best gargles and is prescribed and used by one of the leading hospitals.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 60.

SPRAY FOR CATARRH.

Camphor (Powdered).....
Menthol.....
Liquid Albolene.....

Price, 30 Cents.

Use this in a No. 46 or 60 Davol atomizer and spray nose and throat three times daily.

This formula is prescribed by one of the leading nose and throat specialists.

No. 61.

SORE NIPPLES.

Tannic Acid.....
Alcohol (90 per cent).....
Glycerine.....
Rose Water, to make.....

Price, 25 Cents.

Many nursing mothers experience much pain from sore or cracked nipples. The foregoing is an effective preparation to give immediate relief, heal the sores and toughen the nipples. Apply the lotion and let it dry on and soak in. Wash the nipples before nursing and afterwards, before again applying the liquid. It will be found serviceable to make daily application during the last few weeks of pregnancy, to avoid later soreness and irritation.

No. 62.

HOUSEHOLD HEALING OINTMENT.

Yellow Wax.....
Adeps Lanae.....
Petrolatum.....
Salicylic Acid.....
Olive Oil.....
Oil Gaultheria.....
Carbolic Acid.....
Bismuth Subnitrate.....

Melt the first four ingredients, then rub in the salicylic acid. Mix the oils olive and gaultheria, and add slowly, then add the carbolic acid and finally the bismuth.

Price, 25 Cents.

This is one of the best household ointments known. Can be used for burns, scalds, cuts, bruises, sores of all description. It is antiseptic, soothing and curative. Should be in every family medicine closet.

THE FORMULARY

No. 63.

CARBOLIC FAMILY SALVE.

Petrolatum
Yellow Wax.....
Camphor
Carbolic Acid.....
Oil Sassafras.....

Melt the acid, and while warm, add the camphor and oil sassafras. Melt the wax and add to the petrolatum, melting together. When nearly cool, but still liquid, add the solution of camphor and carbolic acid and stir till cold. Apply freely.

Price, 25 Cents.

An efficient family salve, healing and soothing to all injuries to the skin, the caustic properties of the carbolic acid being neutralized by the camphor.

No. 64.

FAMILY LINIMENT.

Oil Turpentine
Tincture Capsicum
Spirit Camphor
Stronger Water of Ammonia....
Alcohol
Oil Sassafras

Price, 25 Cents.

Apply freely to affected part and rub in well.

A good household liniment, useful for soreness of muscles, bruises, sprains, stiff joints, etc.

No. 65.

ITCH OINTMENT.

Mercury Bichloride
Ammonium Chloride
Ammoniated Mercury
Lead Acetate
Precipitated Sulphur.....
Benzoinated Lard

Triturate the powders with sufficient vermilion (1 dram) to impart a pink color and work in the benzoinated lard to form a smooth ointment. Perfume if desired.

Price, 25 Cents.

Apply to the affected parts and rub in thoroughly. Relieves the intense itching and effects speedy cure.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 66.

PILE OINTMENT.

Ichthyol
Carbolic Acid.....
Tannic Acid
Extract Belladonna.....
Extract Stramonium.....
Extract Witch Hazel.....
Powdered Opium
Powdered Golden Seal.....
Thymol
Resorcinol
White Wax.....
Petrolatum

Price, 35 Cents.

The above is a somewhat complicated formula, but each ingredient is present for a particular effect. The combination as a whole is the most satisfactory one with which we are acquainted. It is adapted for protruding, bleeding and itching piles and hemorrhoids, bringing instant and great relief and its persistent use usually effecting permanent cure. Wash and dry the affected parts. Apply the ointment once or twice daily.

No. 67.

TETTER OINTMENT.

Ammoniated Mercury.....
Mercury Bichloride.....
Alcohol
Acetate of Lead.....
Lard

Mix to make an ointment.

Price, 25 Cents.

Apply to the affected parts one or more times a day.

No. 68.

ECZEMA (SALT RHEUM).

Resorcinol
Zinc Oxide
Bismuth Subnitrate.....
Oil Cade
Paraffin
Petrolatum
Hydrous Wool Fat.....

Triturate the first three ingredients with a small quantity of the wool fat to a smooth mixture. Incorporate this with the remainder of the wool fat, add the paraffin and petrolatum previously melted together, and lastly the oil of cade. Mix well and preserve, protected from light.

Price, 25 Cents.

Apply twice a day.

The above "Soothing Ointment" is recommended as the most efficacious application within our knowledge.

No. 69.

POISON OAK ERUPTION.

Fl Ext. Serpentaria.....

Paint over affected parts with a camel hair brush.

Price, 35 Cents.

This is an excellent remedy for the very troublesome eruption caused by poison oak. It is a good thing to have in every family living in the country.

No. 70.

RING WORM.

Chrysarobin

Chloroform

Oil Vaseline

Oil Bergamot q. s.....

M. Ft. Sol: Apply with a camel's hair pencil twice a day.

Price, 35 Cents.

This is a most excellent remedy for ring worm, and generally cures every case.

Water, to make a solution.

Price, 20 Cents.

Apply to the stain, working it in well and rinse with clear water. If the stain is old, repeated applications may be required.

THE FORMULARY

No. 94.

FURNITURE LIQUID POLISH.

Linseed Oil, boiled.....
Turpentine
Cider Vinegar

Price, 25 Cents.

No. 95.

FURNITURE CREAM POLISH.

Yellow Wax
White Wax.....
Castile Soap
Turpentine
Boiling Water

Price, 25 Cents.

Melt the waxes, add the turpentine and stir till liquid. Dissolve the soap in the water. Mix the two solutions in a hot dish and stir a few moments.

No. 96.

FLOOR POLISH.

Yellow Beeswax
Hard Soap
Glue
Soda Ash (80°).....
Water, sufficient.
Ochre, sufficient.

Price, 50 Cents.

Dissolve the soda in $12\frac{1}{2}$ pints water, add the wax, boil down to $7\frac{3}{4}$ pints, and add the soap. Dissolve the glue in 3 pints water by aid of heat, stir in the ochre, and add the mass to the wax and soap mixture.

A very durable polish.

No. 97.

FLOOR POLISH.

For Unstained Wood.

White Wax
Bleached Shellac
Bright Resin
Oil Turpentine
Alcohol (90 per cent).....

Price, 50 Cents.

Melt the wax, shellac and resin together, remove from heat, add the turpentine and stir well. Warm the alcohol to same temperature, add to the mixture and thoroughly stir.

Apply with varnish brush and polish with flannel or woolen cloth.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 98.

BRASS POLISH.

Rotten Stone
Bath Brick
Emery Flour
Infusorial Earth
Oxalic Acid
Cottonseed Oil

Price, 25 Cents.

Use with cloth in the usual way, wiping off with clean rag when dry.

If the brass is very greasy it should first be given a bath of gasoline, oxalic acid or dilute sulphuric acid, then rinsed before the polishing paste is applied.

No. 99.

SILVER POLISH.—Paste.

Alum
Precipitated Chalk
Potassium Bitartrate
Water q. s. to make a paste.

No. 100.

SILVER POLISH.—Liquid.

Prepared Chalk.....
Oil Turpentine
Stronger Ammonia Water.....
Water to make.....

Price, 25 Cents.

No. 101.

GLASS, TO CLEAN.

Prepared Chalk.....
Ammonia Water
Alcohol
Water

Price, 25 Cents.

Shake well and apply with a rag, rubbing dry with clean rag.

No. 102.

SILVERWARE, TO PREVENT DIMMING AND TARNISHING.

Alcohol
Collodion

Price, 25 Cents.

It is quite difficult to restore the polish of silverware after it has been dimmed by exposure to air. It can be easily prevented, however, by applying (with a soft brush) a thin coating of the above. The coating dries at once and forms a transparent and invisible pellicle upon the silver, which protects it completely against all atmospheric influences. The coating can be removed at any time by dipping the article in hot water.

THE FORMULARY

No. 103.

TO CLEAN DULL GOLD.

Sodium Bicarbonate.....
Sodium Chloride
Chlorinated Lime
Distilled Water.....

Price, 25 Cents.

Place the tarnished article in this solution for a short time, then rinse, wash with alcohol and dry in saw dust.

No. 104.

WINDOW POLISH.

Calcined Magnesia
White Bole
Armenian Bole
Alcohol
Water

Price, 25 Cents.

Apply to windows, rubbing well. Let remain on window until dry, then rub off with soft cloth.

No. 105.

MARBLE POLISH.

Beeswax
Japan Gold Size.....
Turpentine

Price, 25 Cents.

No. 106.

STOVE POLISH.

Liquid.

Gum Tragacanth
Powd. Alum
Sugar
Water
Turpentine
Dixon's Best Graphite.....

Price, 25 Cents.

Put the tragacanth in the water and let stand till thoroughly softened. This will require about twenty-four hours. Then dissolve the alum in the mixture, add the turpentine and stir well. Stir in the graphite and finally add water to reduce to the desired consistence. A small quantity of sodium benzoate or salicylic acid should be added to the liquid in order to prevent it from fermenting.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 107.

STOVE POLISH.

Paste.

Hard Yellow Soap.....
Turpentine
Resin
Graphite, q. s. to desired consistence.

Price, 25 Cents.

Shave the soap and dissolve in the least quantity of water by means of heat; reduce the resin to powder and dissolve in the turpentine; then combine with the soap solution. Stir in the graphite and work to a smooth paste and put up in boxes. A little lampblack may be added if a darker shade is desired.

No. 108.

RAZOR STROP DRESSING.

Emery Flour
Spermaceti Ointment.....
Olive Oil

Price, 20 Cents.

Apply thinly and smoothly to the strop. It imparts a thin edge to the razor and keeps it in excellent condition.

No. 109.

HARNESS VARNISH OR REVIVER.

Shellac
Venice Turpentine
Gum Benzoin
Methylated Spirit

Price, 35 Cents.

Dissolve, stir in enough of a mixture of drop black (4 parts) and indigo blue (1 part) to form a deeply colored varnish, then make up with spirit to 1 pint. Apply with a sponge or soft brush.

THE FORMULARY

No. 110.

DRESSING FOR CARRIAGE TOPS.

Nutgalls
Logwood
Copperas
Iron Filings
Sumach Berries
White Vinegar

Place all but the copperas and iron filings in the vinegar and heat nearly to boiling point, then add the other materials. Allow to stand twenty-four hours, then strain.

Price, 50 Cents.

If the top is faded and gray, wash it with the above.

Apply with a sponge.

No. 111.

WATERPROOFING, LEATHER, BOOTS, Etc.

Spermaceti
India Rubber (shavings).....
Melt and add
Tallow
Lard
Amber Varnish

Price, 35 Cents.

Mix, and while still warm apply with a brush, giving two or three coats. Preservative and waterproof.

No. 112.

WATERPROOFING CANVAS.

White Lead
Zinc Sulphate
Spirits Turpentine
Lead Acetate
Boiled Linseed Oil, to thin.

Price, 50 Cents.

Wash the canvas thoroughly to take out the stiffening, stretch it on a frame to dry, then with a paint brush apply the above.

 The quantity to be used of each medicine is kept in a separate book on our prescription case, and these formulas can be filled only at our store.

No. 113.

INCENSE.

Benzoin
Myrrh
Olibanum
Potassium Nitrate
Oil Cinnamon

Reduce the solids to coarse powder and mix; add the oil.

Price, 35 Cents.

This combination is a favorite for churches, clubs and large rooms as a deodorant and antiseptic. Its odor is especially pleasing.

No. 114.

PHOTO—LIBRARY PASTE.

CAKED BAG OF COWS.

Poke Root.....
Extract Belladonna
Lard

Price, 35 Cents.

Mix.—First bathe bag with warm water, then apply the ointment with a lot of hand rubbing. Give tablespoonful of powdered poke root in feed night and morning.

No. 149.

MILK FEVER IN COWS.

This trouble usually attacks the best milking members of the herd and has caused severe loss to the dairymen. The animal is restless, treads the hind feet, switches the tail, and shows slight colicky symptoms, followed within a few hours by paralysis, noticeable by a staggering gait, especially in the hind legs. Finally, the animal goes down and is unable to rise. While down the head is turned to the side. The secretions of milk may be diminished and suspended entirely.

TREATMENT.

Inject pure air into each quarter of the bag through the teats by means of a bicycle pump attached to an ordinary milking tube by a thin rubber hose. Have the tube scrupulously clean and keep the bag tensely inflated with the injected air. After the milking tube is removed, tie a broad piece of tape around the teat to prevent the air escaping. The same treatment is repeated in the other three teats. In case no improvement is noted within five hours, repeat the operation.

This treatment has been adopted by the

U. S. Bureau of Animal Industry and tests show it to cure 97 per cent. of all milk fever.

PREVENTION.

Four or five days before your cow is due to calve get twenty drops of tincture of aconite. Put four drops of this in an eight-ounce bottle and fill half full of water and shake five minutes. Keep on adding water and shaking until the bottle is full. Then give one ounce of this medicine night and morning for four or five days after the cow has calved, making about eight or ten days' treatment. Prepare a fresh bottle of medicine as directed above each 4 days. If these instructions are carried out to the letter, you will never be troubled with a case of milk fever.

MURINE EYE REMEDIES

(Are Guaranteed under the Pure Food and Drug Law)

"They Have Stood the Test of Time and Criticism
Gone to success on the wave of good opinions of Physicians, Opticians and the People"

UNSOLICITED MURINE TESTIMONIALS.

Fitchburg, Mass.
MURINE EYE REMEDY CO., Chicago, Ill.

Gentlemen: We have a little fellow four months old who was troubled for three months after birth with sore Eyes. A large amount of pus came from them, accompanied with severe inflammation. Our family Doctor, also an Eye Specialist, attended him without relief.

I saw your MURINE EYE REMEDY advertised in one of our Electric Cars, and utterly discouraged, I resolved to try it, and do you know, in three days time all worry was over. In one week the Sore Eyes were a thing of the past.

This is an unasked for testimonial, but I know you will accept it, as it is sent with much gratitude toward MURINE EYE REMEDY.

Yours truly,
Arthur Snow.

G. S. Pettit, M. D., Muskogee, I. T., writes—"I am having fine results with the MURINE EYE REMEDIES."

Rev. J. W. Bennett, Missoula, Mont., writes us—"I have been troubled for many years with Granulated Eyelids and have tried many preparations, but found nothing so good as MURINE EYE REMEDY."

Rev. G. W. Mechling, Lancaster, O., writes—"After suffering for many months from distressingly Weak Eyes and intolerably blurred vision, which made my work in the study extremely difficult and painful, and after diligently applying the prescriptions of a distinguished specialist in vain, I purchased a bottle of your MURINE, in Chicago, and to my very great but agreeable surprise the evil entirely disappeared within six weeks after I began to apply it."

Refreshes, Cleanses and Strengthens the Eye. It Stimulates the Circulation of the Blood Supply which Nourishes the Eye, and Restores a Healthful Tone to Eyes Enfeebled by Exposure to Strong Winds, Dust and Reflected Sunlight.

Murine quickly Relieves Redness, Swelling, and Inflamed Conditions of the Eyes.

Murine Makes Weak Eyes Strong. Doesn't Smart.

Murine is compounded in the Laboratory of the Murine Eye Remedy Co., Chicago, by Oculists who have used it for years in a Successful Private Practice, and is Safe and Pleasant in its application to the most Sensitive Eye, or to the Eye of a nursing Infant.

Murine is a Reliable Relief for all Eyes that Need Care. Druggists and Opticians sell it at 50c per bottle.

These Remedies are also prepared in larger packages for Physicians' and Hospital use, and are the Standard of Eye Remedy Quality.

Nestlé's Food

BEST FOR BABIES

BABY PIEPER—
HARTFORD, CONN.
SEVEN MONTHS OLD

If your baby's diet agrees with him, you're fortunate.

Let well enough alone.

But if his digestion is often upset, if he's restless most of the time, if he's unnaturally thin, change to NESTLÉ'S FOOD.

Most babies digest it when other diets fail.

You merely add water and boil.

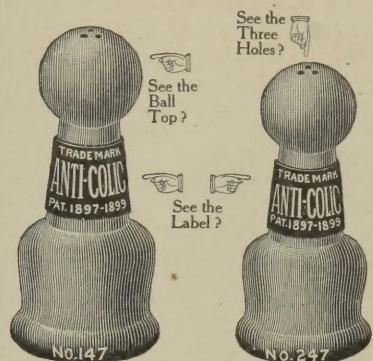

Our book on "The Care and Feeding of Infants," in health and sickness, together with trial package (enough for twelve feedings), free on request. Send for them to-day.

**ONE MILLION
BABIES USE IT**
ALL MOTHERS PRAISE
THIS SANITARY NIPPLE

IT DOES NOT COLLAPSE AND
PREVENTS WIND COLIC
USED IN MATERNITY AND INFANT
HOSPITALS EVERYWHERE
RECOMMENDED BY ALL PHYSICIANS

The "ANTI-COLIC" NIPPLE has 3 small holes, which give an easy flow of milk or other food and prevent the Nipple from sticking together. This keeps the baby's mouth small and shapely, and prevents that "pucker" expression often noticed on bottle-fed babies using the old-style one-hole Nipple. The 3 holes make it like the mother's breast. Babies frequently choke from the direct stream given by a one-hole Nipple, which cannot happen if the "ANTI-COLIC" NIPPLE is used.

PRICE, 5c.

Ask your druggist for the "ANTI-COLIC" Nipple, and don't take anything else. Look for the label around the neck of each Nipple. If your druggist does not have them and won't get them, send us ten cents in stamps and we will send you by mail two of the Nipples.

The name "ANTI-COLIC" is a Registered Trade Mark

Works Without Waste

Conservation is the keynote of the times.

Conservation of energy, of money and of time is the secret of the fame of that big, solid, slow-wearing cake.

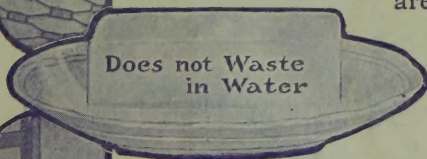

SAPOLIO

Only what is needed is used from the cake—not an atom is wasted or spilled. Notice how much more work Sapolio does and how much longer it lasts than any other cleaner.

A cake of Sapolio is so solidly compressed that it wears to a wafer. Other forms of cleaners are high cost at the start and wasteful all the time.

Cleans · Scours Polishes

JUST A WORD ABOUT HAND SAPOLIO

Many confuse the two articles—Sapolio and Hand Sapolio. They are entirely different. Hand Sapolio is for the finest toilet use. It has no equal for the bath; it makes a creamy, soft lather which is most delightful to the skin, and keeps it in the best condition. The effect is much the same as a Turkish bath. After using it you really feel clean.

Use it for the shampoo; it cleanses the scalp as nothing else will do it.

SCOTT'S EMULSION

Is a Power Creator, a Blood Maker
and a Wonderful Flesh Producer.

AS a cure for coughs and colds it has no equal, a small bottle being sufficient for almost any cold.

There is no wine or alcohol or other stimulant in *Scott's Emulsion*, yet because of its wonderful nourishing and strengthening properties and immediate assimilation it acts as a powerful tonic, bracing the nerves and toning up the whole system.

For nervousness (weak nerves), *Scott's Emulsion* has received the highest commendation from the medical profession. It does not deaden or stupefy the nerves as most "nerve tonics" do, but it strengthens them and brings them up to normal conditions by supplying the elements of nutrition that were lacking.

As a flesh producer, *Scott's Emulsion* has no equal in the world. It builds solid, healthy flesh and muscle. It enriches the blood and strengthens every organ. It builds up thin babies, children and adults quicker and better than anything else.
